7.3.	CONCLUSIVE REMARKS _____	188
VIII.	CONCLUSIONS _____	192
IX.	POST SCRIPTUM _____	197
	BIBLIOGRAPHY _____	202

This book provides a detailed, critical radiography of Southern Africa by evaluating the democratization processes unfolding in two of the region's most prominent states over the span of two decades. It lies at the intersection of political theory and area studies, thereby tackling several types of analysis, including political, cultural, economic, and legal. Well structured, equally well documented, relevant and original, Mr. Petrica's work is a good read for anyone engrossed in its topic, from academics, students, and practitioners in the field of diplomacy, to the larger public interested in international relations.
